# **PROTECT** YOUR BUILDINGS!

The parapet walls and cornices of the Archbishop's Residence are protected by the installation of Western's "Resto-Crete" waterproofing and weatherproofing treatment, the work being done for His Excellency, The Most Reverend Richard J. Cushing, D.D., Archbishop of Boston.

ARCHBISHOP'S RESIDENCE  
BRIGHTON, MASSACHUSETTS

Leakage and seepage through unnoticeable openings can cause serious damage and necessitate expensive reconstruction. Fortunately, you can guard against these dangers.

Timely weatherproofing by the Western Waterproofing Company — protects your buildings — and costs little compared to the price of neglect.

Reliable work is assured by Western Waterproofing's 5-year guarantee. Write a note of inquiry now — and have the information ready when you need it!

# SHRINE OF OUR LADY OF FATIMA

*In the Heart of Massachusetts*

ROUTE 126

HOLLISTON, MASS.

"I am the Lady of the Rosary. Say the Rosary always. People must amend their lives. Pray much and make sacrifices for sinners. If my requests are heard, Russia will be converted and there will be peace. If they are not, she will spread her errors through the entire world, fomenting wars and persecution of the Church. The good will suffer martyrdom; the Holy Father will suffer much; different nations will be annihilated. But in the end, My Immaculate Heart will Triumph."

Thus spoke the Mother of Christ at Fatima 40 years ago.

*Central Part of the Shrine*

Mindful of the urgency of Our Lady's message at Fatima, the Xaverian Missionary Fathers erected in Holliston the first public Shrine in America dedicated to Her under that title.

**THE SHRINE IS ALWAYS OPEN**, and in the evening it is reverently lighted for the assistance of the faithful;

**SERVICES ARE HELD EACH SUNDAY AT 4:00 P.M.** At the Shrine Altar from May through October; in Our Lady's Chapel during the winter months.

**HOLY MASS** is offered at the Shrine for scheduled pilgrimages.

*Calvary Scene at the Shrine*

Special arrangements may be made for daytime or evening services for groups of any size.

The Xaverian Missionary Fathers, who conduct Our Lady of Fatima Shrine, are members of a Religious Congregation dedicated exclusively to Missionary Work. # SCHOOL FURNITURE

By *Columbia*

**from the  
manufacturer  
that knows  
youngsters best!**

One reason Columbia — "America's *FIRST* Bicycle" — has been first since 1877 is because parents and children appreciate the ruggedness of Columbia-Built tubular steel frames. Columbia's know-how and reputation for excellence in modern tubular frame engineering make it logical for you to expect the very best in modern tubular school furniture.

In this new school line by Columbia you will find desks and chairs to meet every classroom need — designed and produced with school budgets, student comfort, and efficiency in mind.

Schools in Massachusetts also have the advantage of low transportation cost since school furniture by Columbia is made in New England.

## DIVINE WORD MISSIONARIES

HAVE GROWN INTO THE THIRD LARGEST MISSIONARY CONGREGATION OF THE CHURCH, with well over 8,000 Priests, Brothers and Seminarians. The Sister Congregations number also over 5,000. Father Founder, Arnold Janssen's Society now includes about twenty different nations, among them American Negroes, Japanese, Chinese, and Indonesians.

It was the first religious society in America to establish a seminary for the training of American boys for the Foreign Mission Fields.

The Society has become one of the greatest champions in promoting the education of native clergy. It directs the Pontifical College of St. Peter in Rome, giving advanced courses for Native Missionary Priests. It has given the Catholic mission world its first Mission Cardinal, Tien, S.V.D., of China, and to the church in America about 40 of its 50 Negro priests.

In the field of higher education and science its members have distinguished themselves.

## A NEW ENGLAND INSTITUTION SINCE 1860

At Boston's famous Steinert Hall more than 300 of the world's best pianos are always on display, the widest choice offered by any piano store in the world. New spinets and consoles for the modern home, Steinway and Everett professional uprights for the modern school, new and rebuilt grands in every size. Reconditioned pianos from \$150. up.

More organs have been installed in the Catholic churches of New England by Steinert's than by all others combined. A competent staff is here to help you make an unhurried choice, entirely free of sales pressure. The fine organ in the new La Salette Shrine in Ipswich is an example of our work. Worth hearing.

For excellent tone in tasteful cabinetry at very moderate prices, we offer a complete selection of Fisher and Magnavox radio-phonographs. Be sure to hear them before you buy. The prices will surprise you—pleasantly.

If your old piano is worth reconditioning to donate to a missionary priest or sister, we will recondition it free of charge. Many pianos are needed in the foreign missions. Write for details and a list of missions needing pianos.

## **HELPS YOUR COOKS TURN OUT DELICIOUS FOODS —ECONOMICALLY**

Institutional cooking can be like home cooking with the help of modern economical Gas. Top burners cook faster, broiling is smokeless and baking turns out better because Gas gives steady, even heat. Your cooks will like the versatility of top burners. Gas cooking is clean cooking . . . something else your cooks will appreciate.

Dependable Gas gives the most for the least. Equipment cost is low and Gas rates are down . . . No costly service and repair costs. Expect many years of faithful service from Gas ranges . . . they're built for it.

Gas is the modern, economical way to cook in institutions as well as in the home. Let our engineers and home economists help you with your feeding problems.

Carney Hospital cooks like the dependability and cleanliness of Gas as well as its versatility and speed.

## **Boston Gas Co.**

**OR YOUR GAS APPLIANCE DEALER**

And for heating—Gas costs no more than ordinary fuels. It's dependable, clean, trouble-free—no costly repairs.

Also, Gas is best for water heating, cooking, refrigerating, clothes drying, incinerating, air conditioning.

Ask for the facts before building or remodelling.

Everything is modern at the new Carney Hospital in Dorchester, including the cooking method. That means Gas, of course.

**Give Comfort NOW  
to One Who May  
Need It LATER**

There are many decisions to be made in life. And one is the selection of the family burial plot.

Sooner or later, the choice must be made.

Is it fair that your loved one make this decision without your aid? In seven out of ten cases, the head of the family is first to go. Select the plot while you are together, and you end the needless anguish that would result if one of you had to make the choice alone.

The selection of a plot at Forest Hills can be a pleasant experience. The surrounding landscape is beautiful, and the personnel are friendly. The plots themselves receive the finest care, because Forest Hills is a non-profit, non-sectarian organization, with a substantial trust fund for grounds and maintenance. Moreover it's centrally located — easily accessible by car or public transportation.

Plan NOW to select your family burial plot at Forest Hills.

## why argue about processes?

**With MODERN duplicating you can produce the kinds of copies you want on equipment that fits your needs.**

For ten to thousands of copies in rich black and/or colors, there are the new A. B. Dick mimeographs—from low-cost, hand-operated models to heavy-duty, power-driven models.

For short runs with positive cleanliness, there are the economical A. B. Dick Azograph® duplicators. Here, at last, is smudge-free, stain-free duplicating for the times when five to fifty and more copies are needed immediately. And this machine can also be used for spirit process duplicating.

If you need up to 9,000 copies an hour of written, typed, drawn or photographed material—in fine line—with half-tone screens—with solids, then you will want to see the new A. B. Dick offset duplicator with exclusive AQUAMATIC control that assures top quality copies.

Each of these duplicators has valuable features. Each has its place in business today. But, you get the real benefits and savings of MODERN duplicating when you have the process or combination of processes that fits your individual needs. That is where we can help. We are unbiased because we have all processes and will be glad to demonstrate them all.

# HALLMARK OF FINE KITCHENS . . .

Typical of McDonald Company kitchen installations in many Catholic Hospitals and Institutions is the one shown here, at Nazareth, the magnificent new home for children in the Boston Archdiocese. Top view shows the main kitchen serving counter and ranges. From here, food is taken on heated trucks to each of ten serving kitchens, one of which is shown in the smaller photo.

## our lady of the railways chapel

This new Catholic Chapel, dedicated to Our Lady of the Railways, is the first railroad terminal chapel in the United States. Located in busy South Station, Boston, it is a quiet refuge for prayer and contemplation for commuters, travelers, and railroad personnel.

Open from 6:30 A.M. to midnight, this Chapel has seating capacity for 500, and Masses are celebrated daily and Sundays throughout the year. The new chapel was established and dedicated by His Excellency, Most Rev. Richard J. Cushing, D.D.,

Archbishop of Boston, with the Rt. Rev. Christopher P. Griffin as its first pastor. The architects were Whelan and Westman; the builder was Patrick J. O'Leary Building Company, Inc., the electrical work was done by Stanton Electric Company.

Simple and serene, this unique chapel blends the traditional and the contemporary in architecture and design. The lighting effects are subtle, subdued, and dramatic. Lighting above and behind the altar is particularly appropriate and effective.

Our Lady of the Railways Chapel is a noteworthy example of how modern lighting can be adapted to a particular atmosphere.

Boston Edison Company lighting engineers are available without obligation for consultation on any illumination problem.
